diary of anne frank play pdf: "Meeting" Anne Frank Tim Whittome, 2021-03-07 "Meeting" Anne Frank: An Anthology captures the stories of some twenty of us who have walked with Anne Frank and her sister Margot as kindred spirits over the course of the many decades that have elapsed since both girls died from typhus and Nazi cruelty in Bergen-Belsen in 1945. None writing here actually "met" or knew Anne personally, but we have "talked" to her and "journeyed" with her kindred spirit. Anne Frank unites us at a time when so much of the world is riven by the familiar and divisive themes of partisan politics, anti-Semitism, and prejudice. You will, though, be meeting those who did know Anne's "most adorable father" Otto, and they have kindly shared their vivid stories in this volume. You will be seeing how we cherish not just the loving father-daughter relationship that has come to mean so much for many of us, but also the inspiration of Anne's patient mother Edith and her "ladylike" older sister Margot. Several of Anne's surviving school friends also appear in the journeys undertaken by a number of my contributors. In the years since she died in 1945, Anne Frank has become variously the sister, mother, wife, daughter, girlfriend, or best friend to each of us writing for this anthology and to many in the wider world. We honor the happy and tragic story of Anne's brief life and recognize the existence of, at least, "two Annes" in both her sense of fun and mischief and in her growing self-awareness while in hiding. Anne was only a child while she lived freely at Merwedeplein 37 in Amsterdam, The Netherlands, and barely a teenager when she died in a Nazi concentration camp for the simple "crime" of being Jewish. Anne wanted to "go on living after [her] death" in February or March 1945, and I hope we have honored her lasting wish in this work.

diary of anne frank play pdf: Postcards from Auschwitz Daniel P. Reynolds, 2020-12-01 The uneasy link between tourism and collective memory at Holocaust museums and memorials Each year, millions of people visit Holocaust memorials and museums, with the number of tourists steadily on the rise. What lies behind the phenomenon of Holocaust tourism and what role do its participants play in shaping how we remember and think about the Holocaust? In *Postcards from Auschwitz*, Daniel P. Reynolds argues that tourism to former concentration camps, ghettos, and other places associated with the Nazi genocide of European Jewry has become an increasingly vital component in the evolving collective remembrance of the Holocaust. Responding to the tendency to dismiss tourism as commercial, superficial, or voyeuristic, Reynolds insists that we take a closer look at a phenomenon that has global reach, takes many forms, and serves many interests. The book focuses on some of the most prominent sites of mass murder in Europe, and then expands outward to more recent memorial museums. Reynolds provides a historically-informed account of the different forces that have shaped Holocaust tourism since 1945, including Cold War politics, the sudden emergence of the memory boom beginning in the 1980s, and the awareness that eyewitnesses to the Holocaust are passing away. Based on his on-site explorations, the contributions from researchers in Holocaust studies and tourism studies, and the observations of tourists themselves, this book reveals how tourism is an important part of efforts to understand and remember the Holocaust, an event that continues to challenge ideals about humanity and our capacity to learn from the past.

diary of anne frank play pdf: Holocaust Memory and Youth Performance Erika Hughes, 2024-01-25 Through an examination of children's and youth plays and performances about the Holocaust from Germany, Israel, and the United States, this book offers an entirely new way of looking at the vital role of youth performance in coping with the legacy of historical tragedy. As the first book-length critical examination of this subject, *Holocaust Memory and Youth Performance* considers plays that are produced by major theatre companies alongside performances written by young authors and pieces taken from the diaries and memoirs of those who experienced the Holocaust as children or adolescents. While youth-focused plays about the Holocaust have been in the repertoires of top professional companies throughout the world for decades and continue to be performed in theatres, schools, and community centers, they are often neglected in concentrated and comparative studies of Holocaust theatre. Erika Hughes fills this gap by examining plays

(including The Diary of Anne Frank and Ab heure heit Du Sara), musicals, performances, scripts, a rock concert, a performance on Instagram, and pedagogically-focused works of applied theatre – a diverse collection of performances for young audiences that tell the stories of young people who experienced the Holocaust. Adopting Hannah Arendt's notion of natality as a powerful framework, this study examines the ways in which youth-theatre performances make a vital contribution to intergenerational witnessing and the collective memory of the Holocaust.
