mercy mercy mercy sheet music: Walk Tall Cary Ginell, 2013-02-01 (Book). Cannonball Adderley introduces his 1967 recording of Walk Tall, by saying, There are times when things don't lay the way they're supposed to lay. But regardless, you're supposed to hold your head up high and walk tall. This sums up the life of Julian Cannonball Adderley, a man who used a gargantuan technique on the alto saxophone, pride in heritage, devotion to educating youngsters, and insatiable musical curiosity to bridge gaps between jazz and popular music in the 1960s and '70s. His career began in 1955 with a Cinderella-like cameo in a New York nightclub, resulting in the jazz world's looking to him as the New Bird, the successor to the late Charlie Parker. But Adderley refused to be typecast. His work with Miles Davis on the landmark Kind of Blue album helped further his reputation as a unique stylist, but Adderley's greatest fame came with his own quintet's breakthrough engagement at San Francisco's Jazz Workshop in 1959, which launched the popularization of soul jazz in the 1960s. With his loyal brother Nat by his side, along with stellar sidemen, such as keyboardist Joe Zawinul, Adderley used an engaging, erudite personality as only Duke Ellington had done before him. All this and more are captured in this engaging read by author Cary Ginell. Hipness is not a state of mind, it is a fact of life. Cannonball Adderley

It is a funny, sad, brutally honest retrospective, reflecting on what it has meant for him and his family to seek to live a lifetime dedicated to love and justice. The reflections in this book, subtitled *The Making and Unmaking of One Improbable Minor Prophet*, come in three parts--the personal, the prophetic, and the paradoxical. The personal part explores Andrews's experience of the radical, compassionate spirituality that he shares with wife, Angie, and which has shaped their way of life as a family in community with marginalized and disadvantaged groups of people. The prophetic part explores Andrews's embrace of the strange, crazy, improbable call he felt to be a prophet, which he has sought to flesh out in classic prophetic roles--as an interrogator, a protester, a practitioner, and an inspirator--in contemporary prophetic contexts characterized by poverty and violence. The paradoxical part explores Andrews's making and unmaking as a minor prophet, critically constructing and deconstructing the more confrontational aspects of the prophetic roles he has played in order to be able to practice more sensitive pastoral care.
