attempts to facilitate the understanding of Japji Sahib, the daily Morning Prayer of Sikhs - incorporated at the beginning of 'Shri Guru Granth Sahib' the scripture of Sikhs - which is to be viewed as a single continuous and compact message of Guru Nanak, depicting unity of the directive principles of Sikhism. There is a school of thought, which explains Japji Sahib as expansion of the introductory 'Mool Mantra'. In this context, Japji Sahib is also stated to be the essence of whole Guru Granth Sahib. Conversely, the whole Guru Granth Sahib is said to be the expansion of Japji Sahib. The commentary, in black print, attempts to reflect this oneness of the principles of this most modern & universal religion of the world. Apart from the commentary, this book also contains the translation of Japji Sahib in English. All the available translations of Japji Sahib are narrative in nature and therefore, make it impossible to relate them to each word of the original rendering in Gurmukhi script. This effort has been made with the idea of setting right this imbalance. The translation, in coloured print, is given in as many words as in the original rendering. Owing to the limitation of the difference in the grammar of the two languages, some words have been added, in the translation, to clarify the complete meaning. These additional words are mentioned in brackets. The commentary and the translation have been interspersed in such a manner that they complement each other for better comprehension by the reader. For easier segregated reading, the translation, in blue print, has been aligned right. However, where there is a direct instruction to be followed by human beings, the translation, in bold print, has been coloured red and has been center-aligned. Another aspect that may be mentioned is that Sikhism has certain concepts, which if not unique, are quite special to it. Few such important concepts are 'Guru', 'Baani/Gurbaani', 'Hukam', 'Maaya', 'Man', 'Haumain', 'Naam/Shabad', 'Sat/Sach/Waheguru' and 'Simran'. Understanding these concepts in right perspective would be a pre-requisite for anyone interested in gaining an in-depth familiarization with this religion. These concepts have also been explained in the book. Some of the difficult words / terms (with super-scribed numbering) used in the book have been clarified in detail separately. It can be said that Japji Sahib helps a person in understanding the very purpose of human life. It also explains the specific acts to be performed in life and the manner in which they are to be performed for achieving the laid down objective of human life. There can't be a more true and simple narration of why and how of the human life than the one detailed in Japji Sahib. Sri Guru Nanak Dev Ji's rendering of Japji Sahib is a service to mankind to which it is difficult to find another equal. Guru Nanak's message of Japji Sahib transcends all religions and seeks welfare of all beings. It is a powerful tool provided to the human being for fulfillment of his destiny. However, the option remains with the individual as to whether he wants to know, understand and pursue the desired path.

path japji sahib written in punjabi: Both Not Half Jassa Ahluwalia, 2024-05-13 'Full of warmth, humour, optimism and sometimes painful honesty' WILLIAM DALRYMPLE 'Anyone who's ever struggled to make sense of who they are and where they belong should read this book' NADIA WHITTOME MP 'An important voice of our generation' PARMINDER NAGRA 'This guy has better Punjabi than both of us and he's only half Punjabi.' Only. Half. I stared at those words. The intent behind the comment was in no way malicious, but it hurt. I felt diminished. I felt like I was being robbed of something essential to me. And as I stared at my screen, realisation dawned. '#bothnothalf' I replied. For over twenty-five years, actor Jassa Ahluwalia described himself as 'half Indian, half English'. His fluent Punjabi always prompted bewilderment, medical staff questioned the legitimacy of his name, and the world of casting taught him he wasn't 'the right kind of mixed-race'. Feeling caught between two worlds, it wasn't long before Jassa embarked on a call to action: we need to change how we think and talk about mixed identity. By delving into the media we grew up consuming and the legacies of empire we have been taught, Ahluwalia asks: is there anything to be learnt from Rudyard Kipling? Why were movie stars urged to hide their mixed identities? To what extent did colonialism encourage or hinder mixed marriages? Is nationalism outdated? How can the politics of class and queer liberation inform our understanding of mixed identity? Both Not Half is a rallying cry for a new and inclusive future. It's a journey of self-discovery that unearths the historical

roots of modern mixed identity as we know it, braving to deconstruct the binaries we have inherited and the narratives we passively accept. Part-memoir, part-manifesto: this is a campaign for belonging in a divided world.

path japji sahib written in punjabi: *Beyond Punjab* Himadri Banerjee, 2023-01-30 This book focuses on Sikh communities in east and northeast India. It studies settlements in Bihar, Odisha, West Bengal, Assam, Meghalaya, and Manipur to understand the Indian Sikhs through the lens of their dispersal to the plains and hills far from Punjab. Drawing on robust historical and ethnographic sources such as official documents, media accounts, memoirs, and reports produced by local Sikh institutions, the author studies the social composition of the immigrants and surveys the extent of their success in retaining their community identity and recreating their memories of home at their new locations. He uses a nuanced notion of the internal diaspora to look at the complex relationships between home, host, and community. As an important addition to the study of Sikhism, this book fills a significant gap and widens the frontiers of Sikh studies. It will be indispensable for students and researchers of sociology and social anthropology, history, migration and diaspora studies, religion, especially Sikh studies, cultural studies, as well as the Sikh diaspora worldwide.

The photographic subjects are documented in a catalogue of illustrations, and information needed to appreciate their historical background and current significance is provided in an introductory essay. The aim is to present, in terms acceptable to Sikhs and non-Sikhs alike, characteristic aspects of present-day Sikh religious life. This phenomenological approach is organized along patterns provided by Sikh concepts, and so far as possible it places emphasis on positive points of contact between proponents of Sikh faith and practitioners of modern critical scholarship.
