Marcus, 2003 The market leading Essentials of Investments, 5/e by Bodie, Kane and Marcus is an undergraduate textbook on investment analysis, presenting the practical applications of investment theory to convey insights of practical value. The authors have eliminated unnecessary

mathematical detail and concentrate on the intuition and insights that will be useful to practitioners throughout their careers as new ideas and challenges emerge from the financial marketplace. ESSENTIALS maintains the theme of asset allocation (authors discuss asset pricing and trading then apply these theories to portfolio planning in real-world securities markets that are governed by risk/return relationships). ESSENTIALS continues to develop modern topics. The major objective in this revision is to maintain the current level in content and coverage, with greater emphasis on the Internet and global issues, and to improve the text's accessibility by enhancing presentation, pedagogy, and design.

essentials of investments 12th edition pdf: Loose Leaf Investments Zvi Bodie, Alex Kane, Alan Marcus, 2010-09-20 Bodie, Kane, and Marcus' Investments sets the standard for graduate/MBA investments textbooks. It blends practical and theoretical coverage, while maintaining an appropriate rigor and a clear writing style. Its unifying theme is that security markets are nearly efficient, meaning that most securities are priced appropriately given their risk and return attributes. The text places greater emphasis on asset allocation and offers a much broader and deeper treatment of futures, options, and other derivative security markets than most investment texts. It is also the only graduate Investments text to offer an online homework management system, McGraw-Hill's Connect Finance.
