kemetic teachings: THE MIND, BODY, SPIRIT, And STORYTELLING Hakeem R. Jelani, 2023-05-23 For a controversial yet refreshing perspective this book you are holding right now is one that will give you a salient insight into the author's discourse with a new subjective viewpoint regarding the Anunnaki ancient world. Their significant deeds and contributions to humanity. Which syncs very nicely with the modern ancient astronauts hypothesis. Events that are largely associated with the Old Testament Bible Genesis narrative, are inextricably linked back to Anunnaki as Those who from Heaven came down to Earth were a fifty man crew under command of the Anunnaki Royal Prince Enki(Ea). From his home planet Nibiru, the eponymous God of creation, imbued Kemetic spiritual science philosophy to the African Pharaohs dynasties of Egyptians (Mithrum). Its speculation and bold assumptions will brighten up your vision as you discover what has long been hidden by the elites who promulgate mendacious truthiness and storytelling as the vicar's of god on Earth. Reading this book gives you this powerful insight from a mind, body, and spirit perspective. You discover a different view of the Holy Old Testament Bible Genesis narrative and storytelling. Hakeem invites readers to reexamine the Bible myth as a dichotomy between the significant transition into the Western New Testament Christian Church religion of western Europe and the African-Egyptian consciousness of spiritual science precepts. The Kemetic ankh (life) became the Christian cross (death). Each represents important symbolism. Whereas the former was plagiarized and replaced and incorporated into the Roman Catholic New Testament Christian Bible, religion and canons as the doctrine of theology. It's a great story that postulates an assertion that calls one to reexamine the Bible book of genesis. Which the Hebrew and Greek Septuagint Bible scribes removed acknowledge to conceal gods Anunnaki identity of the gods. The truth about the elite, Royals pantheon of alien gods as Anunnaki Anu, Enlil, and Enki as: Those who from the Heavens came down. The ancient account pertaining to the Sumerian Bible Genesis is the original codex of historical manuscript religious described rituals and rites, which was the hidden books of sacred knowledge and wisdom taught in the halls of the mystery schools by the ancient Egyptian Priesthood. This book imparts his speculative unvarnished anecdotal details about Genesis from a different perspective. The Biblical history of Genesis, as it should be taught. Not like the Christian, Catholic, Protestant, and Baptist religions teach the gospels of the Christian, savior of the crucified Jesus Christ as the human savior or of the crucified Jesus Christ of heaven. Not like the Christian, Catholic, Protestant, and Baptist religions of blind faith. But in its purest form of theology, that is primarily the Gospels of death, salvation, and the resurrection after the end of Jesus Christ's crucifixion by the Roman. Albeit speculative, its conjecture dovetails nicely with attributions described in the Old Testament Bible god corresponds precisely to Enki (Ea) deeds. This book is complete speculation with emphasis on the Bible book of Genesis. Hakeem boldly conflated the creator of the homo sapien sapiens with Enki who was a brilliant scientist and chief medical doctor. Which means that he was exceptionally qualified to genetically fuse his biological DNA chromosome code by genetic manipulation of an African female mitochondrial DNA as described in the Old Testament Genesis narrative tale. Which raises curious questions as to why the book of Genesis accounts can be examined with great skepticism and a misdirection play because much of the factual information about the Genesis of history was either burned by invading armed forces, omitted the rulers, suppressed by the Church, or destroyed in order to control the narrative of historical evidence. He pointed to Enki's process concerning an African female's mitochondrial DNA biological chromosome genetic codes, manipulated and used to fashion Adam (men) as his Hebrew ancestral Royal bloodline. It's a fictionalized story written to make people think about this with intellectual intuition, logic, and reason.

kemetic teachings: Urban Apologetics Eric Mason, 2021-04-06 Urban Apologetics examines the legitimate issues that Black communities have with Western Christianity and shows how the gospel of Jesus Christ—rather than popular, socioreligious alternatives—restores our identity. African Americans have long confronted the challenge of dignity destruction caused by white supremacy. While many have found meaning and restoration of dignity in the black church, others have found it in ethnocentric socioreligious groups and philosophies. These ideologies have grown and developed deep traction in the black community and beyond. Revisionist history, conspiracy theories, and misinformation about Jesus and Christianity are the order of the day. Many young African Americans are disinterested in Christianity and others are leaving the church in search of what these false religious ideas appear to offer, a spirituality more indigenous to their history and ethnicity. Edited by Dr. Eric Mason and featuring a top-notch lineup of contributors, Urban Apologetics is the first book focused entirely on cults, religious groups, and ethnocentric ideologies prevalent in the black community. The book is divided into three main parts: Discussions on the unique context for urban apologetics so that you can better understand the cultural arguments against Christianity among the Black community. Detailed information on cults, religious groups, and ethnic identity groups that many urban evangelists encounter—such as the Nation of Islam, Kemetic spirituality, African mysticism, Hebrew Israelites, Black nationalism, and atheism. Specific tools for urban apologetics and community outreach. Ultimately, Urban Apologetics applies the gospel to black identity to show that Jesus is the only one who can restore it. This is an essential resource to equip those doing the work of ministry and apology in urban communities with the best available information.

kemetic teachings: Ancient Spiritual Mystery Teachings of Kemet (Ancient Egypt)

Simon Starr, 2016-05-13 Thoth, Hermes or Djehuty as this book refers to him is a mythical ancient Egyptian (Kemetian) sage whose wisdom is said to have transformed him into a god. Djehuty, who was venerated in Kemet from at least 3000 B.C.E., is credited with the invention of sacred hieroglyphic writing and his figure, portrayed as a scribe with the head of an Ibis, can be seen in many temples and tombs. He is the dispatcher of divine messages and recorder of all human deeds. In the great hall of judgement, the after-life court of the god Asar (Osiris) where the dead are judged, Djehuty would establish whether the deceased had acquired spiritual knowledge and purity, and so deserved a place in Heaven. Djehuty was said to have revealed to the Kemetians (Ancient Native Egyptians) all knowledge on astronomy, architecture, engineering, botany, geometry, medicine and religion, land surveying, and was believed by the ancient Greeks to be the architect of the pyramids. The Greeks, who were in awe of the knowledge and spirituality of the Kemetians, depicted him through their narrow view of the mysteries as Hermes, the messenger of the gods and guider of souls in the realm of the dead. To distinguish the Kemetian Djehuty, from their own, the Greeks referred to him using the title Trismegistus, meaning Thrice Great, to honor his sublime wisdom. The remnants of the wisdom of Djehuty have been passed on in texts mistakenly referred to today as the Hermetica. Although largely unknown today, the writings attributed to Djehuty have been immensely important in the history of Western thought. They profoundly influenced the Greeks and, through their rediscovery in the fifteenth- century Florence helped to inspire the Renaissance which gave birth to our modern age. The list of people who have acknowledged a debt to the wisdom of the Scribe of the gods reads like a Who's Who of greatest philosophers, scientists and artists that the West has produced- Leonardo da Vinci, Durer, Botticelli, Roger Bacon, Paracelsus, Thomas More, William Blake, Kepler, Copernicus, Isaac Newton, Sir Walter Raleigh, Milton, Ben Johnson, Daniel Defoe, Shelley, Victor Hugo and Carl Jung. It heavily influenced Shakespeare, John Donne, John Dee and all the poet philosophers who surrounded the court of Queen Elizabeth I, as well as the founding scientists of the Royal Society in London, and even the leaders who inspired the Protestant reformation in Europe. The list is endless with the Djehuty's influence reaching well beyond the frontiers of Europe. Islamic mystics and philosophers also trace their inspiration back to the Scribe of the gods, and the esoteric tradition of the Jews equated him with their mysterious prophet Enoch. The Hermetica, as Djehuty's works are referred to today act like a cornerstone of Western Culture. In substance and importance it is equal to well known eastern scriptures like Upanishads, the Dhammapada and the Tao Te Ching. Yet unlike these texts which are readily available and widely read, the works of Djehuty have been lost under the dead weight of academic translations, Christian prejudice and occult obscurities.
