nahjul balagha pdf: Halal Matters Florence Bergeaud-Blackler, Johan Fischer, John Lever, 2015-07-16
In today's globalized world, halal (meaning 'permissible' or 'lawful') is about more than food. Politics, power and ethics all play a role in the halal industry in setting new standards for production, trade, consumption and regulation. The question of how modern halal markets are constituted is increasingly important and complex. Written from a unique interdisciplinary global perspective, this book demonstrates that as the market for halal products and services is expanding and standardizing, it is also fraught with political, social and economic contestation and difference. The discussion is illustrated by rich ethnographic case studies from a range of contexts, and consideration is given to both Muslim majority and minority societies. Halal Matters will be of interest to students and scholars working across the humanities and social sciences, including

anthropology, sociology and religious studies.

nahjul balagha pdf: *Feminism, Tradition and Change in Contemporary Islam* Shehnaz Haqqani, 2024-10-17 The Islamic tradition has always been flexible, changing over time and constantly adapting to the different societies Muslims find themselves in. Few Muslims today would abide by the fatwa against the printing press under the Ottomans. Moreover, although Islamic law legislates for slavery and child marriage, only a vanishing minority of Muslims consider these practices acceptable today – and some will even argue that Islam never permitted them. Yet some issues, like the prohibition on female-led prayer and female interfaith marriage seem curiously impervious to change. Why is that? Through a mixture of interviews with ordinary Muslims in Texas and critical analysis of contemporary and historical scholarship, Shehnaz Haqqani demonstrates the gendered dimensions of change and negotiation in Islamic tradition. She argues that a reliance on a mostly-male scholarly consensus means that the ‘tradition’ preserves male privilege at the expense of justice for Muslim women.

nahjul balagha pdf: The Islamic Interfaith Initiative John Andrew Morrow, 2021-09-15 When ISIS reared its ugly head in the last decade, God had already prepared a “vaccine” against the contagion of extremism that created it: the re-discovery of the Covenants of the Prophet Muhammad with the Peoples of the Book, which firmly place the actions of groups like ISIS under the curse of God and His Prophet. This was largely due to the exhaustive scholarship of Dr John Andrew Morrow, leading to the publication in 2013 of The Covenants of the Prophet Muhammad with the Christians of the World. Not only was this a scholarly triumph, but it also inaugurated an international, interfaith movement throughout the Muslim world known as the Covenants Initiative, which culminated in the acquittal of the Christian woman Asia Bibi on charges of blasphemy by the Pakistani Supreme Court in 2018. The book was quoted by the justices in their decision. This volume of speeches, articles and interviews is a chronicle of the first, activist phase of the Covenants Initiative, proving that socially committed scholarship is alive and well in the twenty-first century.

nahjul balagha pdf: Nahjul Balagha Imam Ali ibn Abu Talib, Yasin T. Al-jibouri, 2015-01-20 Nahjul-Balagha is a magnificent collection of the inimitable sermons, invocations (du'as), wills or pieces of advice, epistles and aphorisms of Amir al-Mu'minin, Imam Ali ibn Abu Talib, compiled by Sayyid al-Sharif ar-Radi (may Allah sanctify his soul) about one thousand years ago. Time and years have not only failed to diminish the impressive freshness of this work but have, instead, added constantly to its value as new concepts and ideas have emerged therefrom.

nahjul balagha pdf: The Most Controversial Qur'anic Verse John Andrew Morrow, 2020-07-07 A fourteen centuries old consensus by Islamic religious authorities has upheld the belief that God has granted husbands the right to beat their wives. Previously, the only element up for debate was the degree of severity, the instrument of the beating, and the limit to the damage allowed. This startling assertion, which shocks human sensibilities, is confirmed by hundreds of Qur'anic commentaries and works of Islamic jurisprudence authored over the course of the past millennia and a half. In this pivotal, courageous, and timely analysis, which works diligently and minutely to separate truth from falsehood, right from wrong, the moral from the immoral, and the ethical from the unethical, Dr. John Andrew Morrow provides an exhaustive study of the second part of the Qur'anic text, 4:34, dispelling the belief that Islam allows domestic violence. Like Titan, who bears the weight of the heavens upon his shoulders, Morrow takes on the entire corpora of Islamic Tradition. Along the way, the author delicately and defiantly dispels misogynistic misinterpretations of the Word of God while slashing and burning the sexist sayings that were attributed to the Prophet Muhammad. In so doing, he may well save Islam from those traditionalists and misogynists who claim to speak in God's name.

nahjul balagha pdf: Power and the Professional Gordon W.F. Young, 2020-09-08 No matter who you are or what you aim to achieve, power determines whether you succeed or fail. But while power dynamics permeate every interaction in the workplace, the concept is very poorly understood or managed in practice. Everyone has influence over some people and is under the influence of others, and must choose how to deal with these realities in daily interactions. This book offers a comprehensive and applied understanding of power in a professional scenario: where it comes from, how it moves and what that means in practice for how professionals work together. Drawing on numerous recent case studies, this book offers a toolbox that anyone can apply, including explanations of the different forms of power, the two ways power can move between parties, the perils of power, how to create accountability, the intersection of power and ethics, and tools for maintaining power relationships with both superiors and subordinates. It provides employers and employees alike the means to understand, manage, and exert the power necessary to control their own circumstances.

nahjul balagha pdf: Islam, Modernity and a New Millennium Ali Paya, 2018-02-02 As the world becomes increasingly globalised Islam faces some important choices. Does it seek to modernise in line with the cultures in which it is practised, or does it retain its traditions even if they are at odds with the surrounding society? This book utilizes a critical rationalist viewpoint to illuminate many of the hotly contended issues in modern Islam, and to offer a fresh analysis. A variety of issues within Islam are discussed in this book including, Muslims and modernity; Islam, Christianity and Judaism; approaches to the understanding of the Quran; Muslim identity and civil society; doctrinal certainty and violent radicalism. In each case, the author makes use of Karl Popper's theory of critical rationalism to uncover new aspects of these issues and to challenge post-modern, relativist, literalist and justificationist readings of Islam. This is a unique perspective on contemporary Islam and as such will be of significant interest to scholars of Religious Studies, Islamic Studies and the Philosophy of Religion.

nahjul balagha pdf: Qur'an of the Oppressed Shadaab Rahemtulla, 2017-02-09 This study analyses the commentaries of four Muslim intellectuals who have turned to scripture as a liberating text to confront an array of problems, from patriarchy, racism, and empire to poverty and interreligious communal violence. Shadaab Rahemtulla considers the exegeses of the South African Farid Esack (b. 1956), the Indian Asghar Ali Engineer (1939-2013), the African American Amina Wadud (b. 1952), and the Pakistani American Asma Barlas (b. 1950). Rahemtulla examines how these intellectuals have been able to expound this seventh-century Arabian text in a socially liberating way, addressing their own lived realities of oppression, and thus contexts that are worlds removed from that of the text's immediate audience. Through a close reading of their works, he underlines the importance of both the ethico-social content of the Qur'an and their usage of new and innovative reading practices. This work provides a rich analysis of the thought-ways of specific Muslim intellectuals, thereby substantiating a broadly framed school of thought. Rahemtulla draws out their specific and general importance without displaying an uncritical sympathy. He sheds light on the impact of modern exegetical commentary which is more self-consciously concerned with historical context and present realities. In a mutually reinforcing way, this work thus illuminates both the role of agency and hermeneutical approaches in modern Islamic thought.
