the pearl john steinbeck pdf: Re-centring Mother Earth Andrew Nyongesa, 2021-10-13

Literary critics have focused on the nexus between literature and the ecological environment. As a mirror of society, literature encapsulates the natural ecosystem to address environmental degradation as one of the major issues being confronted by communities the world over. Individual literary critics have demonstrated how literary writers have deliberately presented the impact of Mother Nature on the lives of characters. However, most critics have hardly demonstrated the essential role of the ecological environment on the political, social and religious attributes of human life. In *Re-centring Mother Earth: Ecological Reading of Contemporary Works of Fiction*, Andrew Nyongesa investigates the role of Mother Nature in the political, cultural, religious aspects of human life in contemporary novels. Using eco-criticism, the study challenges homocentric attributes of literature and shows how the ecological environment affects all facets of human life.

the pearl john steinbeck pdf: Cultural Sustainability in Rural Communities Catherine Driscoll, Kate Darian-Smith, David Nichols, 2017-07-06 There has been a recent expansion of interest in cultural approaches to rural communities and to the economic and social situation of rurality more broadly. This interest has been particularly prominent in Australia in recent years, spurring the emergence of an interdisciplinary field called 'rural cultural studies'. This collection is framed by a large interdisciplinary research project that is part of that emergence, particularly focused on what the idea of 'cultural sustainability' might mean for understanding experiences of growth, decline, change and heritage in small Australian country towns. However, it extends beyond the initial parameters of that research, bringing together a range of senior and emerging Australian researchers who offer diverse approaches to rural culture. The essays collected here explore the diverse forms that rural cultural studies might take and how these intersect with other disciplinary

approaches, offering a uniquely diverse but also careful account of life in country Australia. Yet, in its emphasis on the simultaneous specificity and cross-cultural recognisability of rural communities, this book also outlines a field of inquiry and a set of critical strategies that are more broadly applicable to thinking about the rural in the early twenty-first century. This book will be valuable reading for students and academics of Geography, History, Literary Studies, Cultural Studies, Anthropology and Sociology, introducing rural cultural studies as a new dynamic and integrative discipline.

the pearl john steinbeck pdf: How Far Is Heaven? Ronnie McBrayer, 2013-05-21 In *How Far is Heaven?* Ronnie McBrayer explores the kingdom parables of Jesus and finds in them an urgent challenge for Christians to reassess the gospel they believe and the role their professed faith plays in the world today. He argues that the gospel cannot be reduced to apocalyptic escapism, whereby the true believers will one day be rescued from the sufferings of planet Earth; nor can faith be used as a type of benefits program, providing the individual with the privileged comfort of membership.

Darragh, 2019-06-05 This book illustrates how teachers can draw upon young adult literature to facilitate students' social action. In each, authors provide pre-, during-, and after reading strategies for teaching that connect the social issues in the texts to students' lives and to the world around them. They then offer a multitude of avenues for student action, emphasizing the need to move readers from understanding and awareness to asserting their own agency and capacities to effect change in their local, national, and global communities. In addition to methods for scaffolding students' analysis of texts and topics, authors also offer a plethora of additional resources such as documentaries, canonical companions for study, connected music, and supplementary lesson plans.

the pearl john steinbeck pdf: *Writing Arizona, 1912-2012* Kim Engel-Pearson, 2017-09-28 From the year of Arizona's statehood to its centennial in 2012, narratives of the state and its natural landscape have revealed—and reconfigured—the state's image. Through official state and federal publications, newspapers, novels, poetry, autobiographies, and magazines, Kim Engel-Pearson examines narratives of Arizona that reflect both a century of Euro-American dominance and a diverse and multilayered cultural landscape. Examining the written record at twenty-five-year intervals, *Writing Arizona, 1912-2012* shows us how the state was created through the writings of both its inhabitants and its visitors, from pioneer reminiscences of settling the desert to modern stories of homelessness, and from early-twentieth-century Native American "as-told-to" autobiographies to those written in Natives' own words in the 1970s and 1980s. Weaving together these written accounts, Engel-Pearson demonstrates how government leaders' and boosters' promotion of tourism—often at the expense of minority groups and the environment—was swiftly complicated by concerns about ethics, representation, and conservation. Word by word, story by story, Engel-Pearson depicts an Arizona whose narratives reflect celebrations of diversity and calls for conservation—yet, at the same time, a state whose constitution declares only English words "official." She reveals Arizona to be constructed, understood, and inhabited through narratives, a state of words as changeable as it is timeless.

the pearl john steinbeck pdf: *Sprache im Exil* Anne Benteler, 2019-10-14 Die Monographie untersucht Sprachkonstellationen in der Literatur des Exils aus NS-Deutschland seit 1933. Im Fokus stehen mehrsprachige Texte von Hilde Domin, Mascha Kaléko und Werner Lansburgh. Die Kombination eines kulturwissenschaftlich geprägten Übersetzungsbegriffs mit Ergebnissen linguistischer Mehrsprachigkeitsforschung macht zwei höchst aktuelle Wissenschaftsdiskurse für die Analyse von literarischen Textphänomenen produktiv. Die Untersuchung erweist, dass die Texte Domins, Kalékos und Lansburghs durch Sprachreflexion, Code-Switchings und Sprachmischungen bestimmt sind. Die Vorstellung einer monolingualen Literatursprache und Nationalliteratur wird dadurch infrage gestellt und es zeigt sich, dass die meist biografisch argumentierenden Vorstellungen von Sprachbewahrung und Sprachverlust im Exil durch alternative Entwürfe von Exilliteratur als translinguaalem und translationalem Reflexionsraum zu ergänzen sind.
