gottman house pdf: Modern Kinship David Khalaf, Constantino Khalaf, 2019-01-08 Same-sex marriage may be legal in America, but it's still far from the accepted norm, especially in Christian circles. So where can LGBTQ Christians who desire a lifelong, covenantal relationship look for dating and marriage advice when Christian relationship guides have not only simply ignored but actively excluded same-sex couples? David and Constantino Khalaf struggled to find relational role models and guidance throughout dating, their engagement, and the early months of their marriage. To fill this void, they began writing *Modern Kinship*, a blog exploring the unique challenges queer couples face on the road from singleness to marital bliss. Part personal reflection, part commentary, and full of practical advice, *Modern Kinship* explores the biblical concept of kinship from a twenty-first-century perspective. This important resource tackles subjects such as dating outside of smartphone apps, overcoming church and family issues, meeting your partner's parents, deciding when and how to have children, and finding your mission as a couple. *Modern Kinship* encourages queer Christian couples to build God-centered partnerships of trust and mutuality.
