mahavatar babaji mantra: Prema Sai Baba. The Mystery of God. Part One Svyatoslav Dubyanskiy , 2024-01-13 This book is dedicated to Prema Sai Baba, the divine incarnation of the 21st century. Prema Sai Baba is the third incarnation of God on Earth, in our era. The first was Shirdi Sai Baba (1835-1918), the second was Sathya Sai Baba (1926-2011). At the outset, I must acknowledge the difficulty of writing this book at this very moment. It is now 2023. The previous incarnation of God, Sathya Sai Baba, left the physical body in 2011, that is, twelve years ago. Prema Sai Baba was born on June 28, 2012. At the time of writing this book, Prema Sai Baba is eleven years old. I have been visiting his house for eight years and watching every day of his childhood growth and development. The first time I met the divine child was when he was three years old.

mahavatar babaji mantra: Kriya Yoga Unlocked Triloki Nath, This is a Kriya Yoga book intended to be read and practised by everyone, with/without initiation. Every word uttered by a Yogi has a special meaning that is totally unintelligible to even the highly intellectual people. This book is written in such a way that everyone can follow it up while trading the path of Kriya. People think that they are very intelligent, but if they try to understand very seriously, they realize perfectly that nothing is happening according to their intellect. Only those whose breath is not blowing in the left or right nostril are intelligent in this world. When breathing is faster, then in one day and one night respiration can flow up to 113,680 times. Normally during the same time, the figure is 21,600 times. During a day and night, if respiration is faster than usual, the breath can flow in and out 113,680 times. Normally, in the course of a day and night, there are 21,600 breaths. This figure is reduced by Kriya practice to 2,000 times. So, breathing 1,000 times in the day and 1,000 times in the night, in a normal course, provides greater Tranquility to a Yogi. One of his breaths takes about 44 seconds. Such a Yogi is matured in Kriya practice. Thoughts are inseparably related to breathing. So, when the number of breaths is reduced, thoughts are reduced proportionately. Eventually, with the tranquilization of breath, thoughts are dissolved. Thereby, the seeker can attain the After-effect-poise of Kriya, or eternal Tranquility, which is Amrita, nectar proper.
