married sissy blog: Love and Romance in China Pan Wang, 2025-09-04 Love and Romance in China examines love, affection, and emotions in China from Maoist to contemporary China, focusing on the intersections with politics, economics, gender, class, race and technology. From the founding of the People's Republic of China to the end of the Cultural Revolution, political ideology and class struggle dominated everyday life, and love was subordinated to the communist revolution and socialism. During the Cultural Revolution, this turbulent period witnessed the paradoxical existence of self-abstinence and self-indulgence. Since China changed its political ideology in 1979 and shifted to a market-oriented economy, the country embraced the idea of romantic love. This “emotional turn” fostered opportunities for diverse intimate relationships characterized by the growth of cross-cultural love, LGBTQI+ love, and the emergence of a “sexual revolution” (Zhang 2011; Jeffreys and Yu 2015). The new dynamic was linked to contested discourses of (fantasised, eroticized, and racialized) foreign love intertwined with nationalist sentiments and ongoing tensions between sexual minorities and the government. The new millennium has witnessed love crises characterised by growing concerns about “leftover” men and women, high divorce rates, declining

marriage and birth rates, and other relationship problems. The deepening of the market economy and technological advances have turned love into a “fast food” commodity for mass consumption, manifested in dating shows, digital platforms and intimacy between humans and AI/dolls. Wang draws on a wide range of texts, including government statistics on marriages and divorces, legal documents, Maoist folk songs, poems, posters, love letters, media texts, popular discourses, online dating websites, and ethnographic observations and interviews.

married sissy blog: *Queer exceptions* Stephen Greer, 2018-11-23 *Queer exceptions* is a study of contemporary solo performance in the UK and Western Europe that explores the contentious relationship between identity, individuality and neoliberalism. With diverse case studies featuring the work of La Ribot, David Hoyle, Oreet Ashery, Bridget Christie, Tanja Ostojic, Adrian Howells and Nassim Soleimanpour, the book examines the role of singular or ‘exceptional’ subjects in constructing and challenging assumed notions of communal sociability and togetherness, while drawing fresh insight from the fields of sociology, gender studies and political philosophy to reconsider theatre’s attachment to singular lives and experiences. Framed by a detailed exploration of arts festivals as encapsulating the material, entrepreneurial circumstances of contemporary performance-making, this is the first major critical study of solo work since the millennium.

married sissy blog: *The Reluctant Mother* Zehra Naqvi, 2022-01-01 *The Reluctant Mother* is a book of rage. Rage at being alone in your pain, having your conflict belittled, and your struggles trivialised. It is the story of a young woman who seeks to find herself in a world that constantly tries to define her and who she should be. It is the memoir of an anti-mother. A woman who doesn’t fall in love with her baby at first sight but discovers love along the way. This book is for anyone who feels overwhelmed by the idea of ‘ideal’ motherhood. Be it a woman or a man, one way of confronting trauma is to know that you are not alone in it. To know that someone shares your story and understands your emotions and guilt that accompanies feeling anything other than ‘perfectly blissful’ about motherhood. It is at once heartbreaking and poignant as it is hopeful and comforting. It is the story of one woman and yet the life of many. It reveals how tradition and modernity, faith and reason, pleasure and pain are all so intimately interwoven for women that their true sense of self is inevitably one of contradictions. The book’s biggest strength lies in its rawness and honesty. Nothing but the truth stands here.

married sissy blog: *Queer TV China* Jamie J. Zhao, 2023-02-16 The 2010s have seen an explosion in popularity of Chinese television featuring same-sex intimacies, LGBTQ-identified celebrities, and explicitly homoerotic storylines even as state regulations on “vulgar” and “immoral” content grow more prominent. This emerging “queer TV China” culture has generated diverse, cyber, and transcultural queer fan communities. Yet these seemingly progressive televisual productions and practices are caught between multilayered sociocultural and political-economic forces and interests. Taking “queer” as a verb, an adjective, and a noun, this volume counters the

Western-centric conception of homosexuality as the only way to understand nonnormative identities and same-sex desire in the Chinese and Sinophone worlds. It proposes an analytical framework of “queer/ing TV China” to explore the power of various TV genres and narratives, censorial practices, and fandoms in queer desire-voicing and subject formation within a largely heteropatriarchal society. Through examining nine cases contesting the ideals of gender, sexuality, Chineseness, and TV production and consumption, the book also reveals the generative, negotiative ways in which queerness works productively within and against mainstream, seemingly heterosexual-oriented, televisual industries and fan spaces. “This cornucopia of fresh and original essays opens our eyes to the burgeoning queer television culture thriving beneath official media crackdowns in China. As diverse as the phenomenon it analyses, Queer TV China is the spark that will ignite a prairie fire of future scholarship.” —Chris Berry, Professor of Film Studies, King’s College London “This timely volume explores the various possibilities and nuances of queerness in Chinese TV and fannish culture. Challenging the dichotomy of ‘positive’ and ‘negative’ representations of gender and sexual minorities, Queer TV China argues for a multilayered and queer-informed understanding of the production, consumption, censorship, and recreation of Chinese television today.” —Geng Song, Associate Professor and Director of Translation Program, University of Hong Kong

married sissy blog: Homosexuality in the Jurisprudence of the Supreme Court of India Yeshwant Naik, 2017-04-07 The book analyses the Indian Supreme Court’s jurisprudence on homosexuality, its current approach and how its position has evolved in the past ten years. With the help of European Court of Human Rights’ judgments and international conventions, it compares the legal and social discrimination meted out to the Indian LGBTI community with that in the international arena. From a social anthropological perspective, it demonstrates how gay masculinity, although marginalized, serves as a challenge to patriarchy and hegemonic masculinity. married sissy blog: Closing the Floodgates A. E. Gillies, 2017-11-06 In Closing the Floodgates, psychotherapist Dr. Ann Gillies has written a blockbuster of a book exposing the biased, unscientific, and corrupt methods used to promote the sexual revolution of the last sixty years. In her powerful and compelling analysis, she shows how the truth of scientific fact has been overturned in the interest of pleasure and personal feelings, and how a determined minority is using social engineering to reconstruct our social and moral worlds by redefining gender, sexuality and the family. She draws an alarming picture of the consequences: identity confusion among the youth; sexual abuse and victimization of children; soaring rates of suicide and sexually transmitted diseases; the embedding of false, unhealthy, and immoral teaching in the school curriculum; and the loss of freedom of speech and parental rights. While a few readers may find the level of detailed academic content challenging at times, Dr. Gillies is able to make professional findings understandable and real for the average person. For all the necessary research and statistical reporting, this is a gut-level book. In a time of culture wars, when the truth about gender and sexuality is under attack, this book sets the record straight. It issues a rallying cry to parents and others concerned for the future of the family and western society to be informed and take action before it is too late. —Dr. George R. Slater author of Along Comes God and Bringing Dreams to Life
