open windows devotional for today: New Beginnings Fred Sherrod, 2013-05-17 As the divinely inspired Word of God, the primary purpose of the Bible is to probe the depths of the human heart more skillfully and purposefully than any surgeon could possibly imagine. With this in mind, my intent in *New Beginnings* is to follow the riveting narratives of Genesis and Acts with a primary emphasis on the devotional and inspirational elements. From a Christian perspective, I cannot imagine four beginnings with more historical significance than those emphasized in these two informative books: (1) the creation of the world with all its living things, (2) the foundation of Israel God's chosen nation, (3) the establishment of the Church the Body of Christ, and the most incredible beginning of all, (4) people from every walk of life being born again by the power of the gospel. My personal perceptions and convictions have evolved from a background of thirty-three years using the scientific method in chemical research, and even longer exploring the eternal truths of the Bible as a Christian and minister. I might add that the practical experiences I gained as a husband, father of two girls, and bivocational pastor prevent my viewpoints from being too esoteric or theoretical in nature. Whether a casual reader or serious student of the Bible, I hope you find *New Beginnings* informative if not illuminating, interesting if not stirring, and encouraging if not inspiring. Finally, if your Christian fervor needs rekindling, my prayer is that these pages nourish and revitalize you like a steaming bowl of my mother's chicken soup on a cold, rainy day.

It's 1999, and Max is a certified heat freak, a chile-head whose love of spice has taken him across the globe. His hot sauce emporium in Laguna Beach, Little's House of Fire, stocks sauces and spicy goods from around the world, and he and the other chile-heads with whom he does business comprise an underground network called the 'Ring of Fire.' After Max is approached by Nickolai Gasanov, a mysterious officer from the Kyrgyzstan Ministry of Agriculture, his world is

turned upside down when word of a new variety of chile pepper is revealed - a relic of the ancient Silk Road hidden in the valleys of the Tien Shan mountains of Central Asia. A chile with reputedly euphoric properties, it ignites the lively and offbeat characters in the Ring of Fire. The Ring of Fire follows Max across continents in search of the mythical Fire of the Valley chile. From Santa Fe to Louisiana, Chicago, and across India, China, and Kyrgyzstan, his journey becomes a piquant global odyssey. Along the way, he encounters a tapestry of colorful characters linked to his quest: Jesus Jones, a legendary Louisiana pepper farmer; Lilah DeVillier, a beguiling creole doctoral student who's an expert in chiles; voodoo Priestess Delphine Anjou; Jahnu Angami of the headhunting Angami tribe in Northeast India; and massive Nazaat Buntun, fierce guardian of the Kyrgyz pepper myth. All the while, he's being pursued by two menacing former Russian commandos in the employ of Kyrgyzstan's notorious gangster Ruslan Bakiyev, who craves the pepper profits for himself. The Ring of Fire entertainingly explores the history of chile peppers, their spread across the world, and their impact upon the cultures of which they have indelibly become a part. Enlisted early on in his journey by New Mexico State University, Max is also on a quest to be the first to verify the existence of the scorching Naga Jolokia, or Ghost Pepper, an authentic chile discovered in remote Northeastern India in the late nineties. A chile so potent its Scoville heat rating is reportedly triple that of any other known variety. The race is on as Max encounters unforgettable people, incredible meals, exotic locations, and extraordinary experiences pursuing his passion. If you relish the irreverent foodie fiction of Peter Mayle and Anthony Bourdain, then this story is for you. The Ring of Fire is a gustatory delight for food lovers, history buffs, armchair travelers, and romantics.

The quest for meaning that began in Journey to God will be expanded through the challenges and changes of raising a family, facing the ever changing expectations of ministers, church, and faith in God. Our young family is now a family with teenagers, driver licenses, cars, and dating. The one-salaried family becomes a two-salaried family with positive and negative reactions. Maintaining a Christian presence in the face of negative comments and ridicule is part of the experience of serving God in our world. During the doctoral program, some role reversal takes place as teenagers ask dad to see his report card along with, Have you done your homework yet? The teens and dad take over cooking duties as Mom's work schedule changes. A new experience of burnt offerings at the dinner table becomes frequent. The ministry will face questions that challenge the role of ministers, campus ministers, and chaplains in the face of a fast growing improvement in health care, technological advances in communication, information, and office equipment. The computer age opens the doors to the inexperienced to enter the job market ahead of or replacing of

older, experienced workers. As change continues, values are modified or set aside. The bottom line and compliance issues take the place of hard work and customer service. The idea of being kind to others changes to a get yours before they get theirs attitude. Attempting to serve when the church was moved from the mainstream to the sidelines is part of the challenge change brings. Having to prove something that once was taken for granted is part of regaining an awareness of the value of the Christian Faith.
