USDF Intro C 2023: A Comprehensive Guide for Riders and Trainers

The USDF Intro C 2023 recognizes a pivotal milestone in the dressage world, serving as a foundational test designed to introduce new riders and young horses to the sport's fundamentals. As the United States Dressage Federation (USDF) updates its guidelines and scoring standards annually, understanding the nuances of Intro C in 2023 is essential for competitors, trainers, judges, and enthusiasts alike. This guide aims to break down the test's structure, scoring criteria, preparation

strategies, and tips for success, offering a thorough resource for those involved in this introductory level.

What is the USDF Intro C Test?

The USDF Intro C 2023 is a short, straightforward test typically performed at small shows, schooling shows, or as a starting point for new competitors. It emphasizes basic riding skills, rhythm, relaxation, and the rider's ability to communicate effectively with the horse. While it is an introductory level, mastering Intro C sets a strong foundation for advancing through the dressage levels.

In 2023, the USDF continues to emphasize clarity, correctness, and harmony in scoring, with slight updates to reflect modern judging criteria and to encourage progressive skill development.

The Purpose and Significance of Intro C

USDF Intro C serves multiple purposes:

- Educational: Introduces riders to the dressage test format, scoring, and competition environment.
- Developmental: Builds confidence in young or green horses by focusing on fundamental movements.
- Assessment: Provides a baseline assessment of a rider's ability to maintain basic control and rhythm.
- Qualification: Acts as a prerequisite for moving on to higher levels of dressage competition.

Understanding its role helps riders and trainers approach it with the right mindset—focused on learning, improvement, and building a solid foundation.

Structure and Content of USDF Intro C 2023

Test Overview

The Intro C test is approximately 4-5 minutes long and involves a series of simple movements performed in a standard arena (20m x 40m). It predominantly features:

- Trot and walk work
- Basic transitions
- Simple figures such as circles and diagonals
- Respectful, relaxed, and balanced communication between rider and horse

Movements Breakdown

In 2023, the test includes the following key movements:

1. Enter at A, proceed down the centerline, halt, and salute.
2. Walk on a long rein, then turn on the forehand and turn on the haunches.
3. Transition to trot, then perform a simple change of direction with a 10-meter circle.
4. Trot down the long side, then perform a 20-meter circle at B.
5. Transition back to walk, then walk diagonally across the arena.
6. Return to A, salute, and exit.

Scoring Criteria

Judges evaluate each movement based on:

- Gaits (Walk & Trot): Rhythm, tempo, and consistency.
- Transitions: Smoothness and accuracy.
- Accuracy of Figures: Correctness of circles and turns.
- Overall Harmony: Relaxation, impulsion, and rider position.
- Gaits and Movements: Clarity, correctness, and quality.

Each movement is scored on a scale of 0-10, with 0 being “not executed” and 10 being “excellent.”

The total possible score varies based on the number of judged movements but generally offers a comprehensive picture of rider and horse ability.

Judging and Scoring in 2023

Updated Judging Standards

In 2023, USDF judges are encouraged to:

- Focus on clarity of movement over perfection.
- Consider the horse's relaxation and rhythm as foundational.
- Minimize subjectivity by adhering to standardized scoring rubrics.
- Promote positive feedback to encourage rider development.

Score Breakdown

- 70-79: Satisfactory performance with room for improvement.
- 80-89: Good performance demonstrating solid fundamentals.
- 90-100: Excellent execution showing high-level understanding and harmony.

Understanding these scoring ranges helps competitors set realistic goals and evaluate their performance critically.

Preparing for USDF Intro C 2023

Training Tips

1. Master Basic Movements

- Focus on walk and trot transitions, ensuring they are smooth and accurate.
- Practice circles and turns to develop steering and balance.

2. Work on Relaxation and Connection

- Use groundwork exercises to foster relaxation before riding.
- Incorporate lateral movements at a walk to improve suppleness.

3. Practice the Test

- Run through the entire test multiple times to build muscle memory.
- Use video recordings to critique and improve.

4. Focus on Rider Position

- Maintain a balanced, upright position with relaxed shoulders.
- Keep hands quiet and steady, allowing for clear communication.

5. Develop a Routine for Competition Day

- Warm-up appropriately, emphasizing the movements required in the test.
- Stay relaxed and focused, maintaining steady rhythm and positive attitude.

Horse Readiness

- Assessment: Make sure the horse is comfortable performing walk and trot in a variety of environments.
- Desensitization: Expose the horse to typical show noises, surroundings, and other horses.
- Health: Confirm the horse is in good health and fit enough to perform.

Common Mistakes and How to Avoid Them

| Mistake | How to Correct |

| --- | --- |

| Uneven gaits or irregular rhythm | Practice consistent transitions and maintain steady tempo. |

| Poor transitions | Use half-halts and prepare the horse well in advance. |

Overly tight or loose rein contact	Aim for a light, elastic contact that allows freedom of movement.
Incorrect figures	Study the test map thoroughly and mark the arena. Practice figures slowly.
Tension or resistance	Incorporate relaxation exercises and positive reinforcement.

Tips for Success in 2023

- Stay Calm and Focused: Anxiety can affect both horse and rider. Practice breathing techniques and visualization.
- Know the Test Well: Memorize the test pattern thoroughly to avoid surprises.
- Dress Appropriately: Proper attire boosts confidence and presents a professional appearance.
- Arrive Early: Use warm-up time effectively, focusing on movements required in the test.
- Be Patient: Progress at the horse's pace and celebrate small improvements.

Moving Beyond Intro C

Successfully completing the USDF Intro C 2023 opens doors to higher-level tests such as Intro B, Training Level, and beyond. It also provides valuable experience in understanding judging criteria, building confidence, and developing a consistent riding routine.
