walk to emmaus encouragement letter: Christ In Our Midst Clairann Nicklin, 2018-04-16 This book was written to help me understand what the fruits and the gifts of the Holy Spirit are and what they were supposed to mean to me, and how to use them in my life. The more that I discovered and shared with others, the more that I understood that I was to share this knowledge with all who have this same hunger. The fruits of the Holy Spirit given to us as a grace from God in our baptism are what molds us into the image and likeness of God (Genesis 1:26). The fruits are the personality of Jesus when He lived on earth. Jesus gives us the example-with His very life! It is important for us to be fruitful and multiply physically for life to carry on, but it is spiritual fruitfulness that will change the world! We each have an intricate role to fill-whether single, married, laity, religious, man, woman, child, adult-God created each of us for a specific purpose. And He gives us the tools to do our work! They are the gifts of the Holy Spirit that are listed in (Isaiah 11:2-3). The most known charismatic gifts are listed in (1 Corinthians chapters 12-14), but this is not all there is. To each one is given a manifestation of the spirit for the common good (1 Corinthians 12:7). When we use a charism to help another person, our Isaiah gifts come forward within us, and as that happens the fruits of the Holy Spirit pour out of us as a grace from God, that is how we share the love of God with another. God doesn't make cookie cutter Christians! He tailor-makes each individual for a special ministry to help our Church grow! Can you believe it? God wants us to fulfill a portion of His plan designed to bring all people to eternity with Him! Writing this book has helped me understand the simplicity of how the fruits, gifts, and charisms work together to build up the kingdom of God.

walk to emmaus encouragement letter: *A Message for Its Own Time* Anne Bardell, Fr. Brian Murphy, 2023-05-19 This book is written for Catholics and fellow Christians seeking a vision of the Church which inspires great hope in these challenging times. The Church is God's process of healing and developing humanity. Father Brian Murphy highlights its history of change and development, and suggests how the present trials are intense preparation for the future. God has led us into the desert where all true renewal begins, in order to be prepared for a wonderful new spring. Each of us needs to become more deeply 'the type of worshiper the Father wants': that is to 'worship in truth' by rediscovering the treasures of the faith, and to 'worship in spirit' through contemplation, the prayer of the heart (John 4:24). Then the Church will be more effectively empowered to continue its mission to baptise all people into the life of the Trinity, and to renew the face of the earth. In the last part of the book Anne Bardell stresses the need for Adult faith formation, giving many practical examples. She discovered that most Catholics seem content with their level of faith knowledge. However, once introduced to the deeper riches of the history and truths of the faith, people were eager to know more as their thirst for faith formation grew. She argues for the essential need for centres or hubs of faith formation in every parish. It is essential that practising Catholics are encouraged to access these hubs as a normal part of parish life. They should also be accessible to parents leading their children through the Sacraments of Initiation. This requires the training of leaders equipped to support people as they travel ever deeper into their relationship with Jesus.
