marcy platinum: Mayhem Estelle Laure, 2025-06-25 The Lost Boys meets Wilder Girls in this supernatural feminist YA novel. It's 1987 and unfortunately it's not all Madonna and cherry lip balm. Mayhem Brayburn has always known there was something off about her and her mother, Roxy. Maybe it has to do with Roxy's constant physical pain, or maybe with Mayhem's own irresistible pull to water. Either way, she knows they aren't like everyone else. But when May's stepfather finally goes too far, Roxy and Mayhem flee to Santa Maria, California, the coastal beach town that holds the answers to all of Mayhem's questions about who her mother is, her estranged family, and the mysteries of her own self. There she meets the kids who live with her aunt, and it opens the door to the magic that runs through the female lineage in her family, the very magic Mayhem is next in line to inherit and which will change her life for good. But when she gets wrapped up in the search for the man who has been kidnapping girls from the beach, her life takes another dangerous turn and she is forced to face the price of vigilante justice and to ask herself whether revenge is worth the cost. From the acclaimed author of *This Raging Light* and *But Then I Came Back*, Estelle Laure offers a riveting and complex story with magical elements about a family of women contending with what appears to be an irreversible destiny, taking control and saying when enough is enough.

Wanda's hidden identity as a Jew and Marcy's decision to convert to Judaism cause an unstated terror to build as they each confront their underlying fears. Meanwhile, Charlotte's assumed ties to neo-Nazism and well-documented criminal background help make her a prime suspect, an automatic label she's powerless to overcome. Told from the women's vastly different perspectives, *Detached* explores an emotional fusion of their guilt, apprehension, and anger. While they each lead very separate lives, Wanda, Charlotte, and Marcy find themselves attached to each other in complex ways over the course of an unpredictable murder investigation.

marcy platinum: *The Sweet Potato Queens' First Big-Ass Novel* Jill Conner Browne, 2007-01-02 I have no pride. I tell anything, Jill Conner Browne is fond of saying. As Her Royal Highness, Boss Queen of the Sweet Potato Queens®, she has told legions of fans, known as SPQ Wannabes, her delectable secrets to living, loving -- and eating -- like a queen. In her words, More is more. How much more? The #1 New York Times bestselling author of five works of nonfiction now serves up *The Sweet Potato Queens' First Big-Ass Novel: Stuff We Didn't Actually Do, but Could Have, and May Yet*. The humor in this uproarious coming-of-queen novel is more delicious than a favorite dessert (the Queens favor Chocolate Stuff™, of course). In Jackson, Mississippi, Mary Bennett, Patsy, Gerald, and Jill are high school classmates whose daily routine is paced like a shuffle through the local red dirt -- until the arrival of a redheaded newcomer banishes monotony forever. With her luxurious mane and voluptuous figure, Tammy Myers aspires to join the silver-spooners, who make things happen in their lives. When Jill convinces Tammy and the others that money might buy a certain kind of good time and that true friendship has no price tag, the Sweet Potato Queens are born. If it ain't fun, we ain't doin' it, runs their official club motto, and the Queens are true to their word. Together, the Queens laugh out loud as they step down the long -- and not altogether pretty -- road toward making their very own queen dust, the sparkle that comes from livin' and lovin' their own lives. *The Sweet Potato Queens' First Big-Ass Novel: Stuff We Didn't Actually Do, but Could Have, and May Yet* reveals that the journey isn't always easy, but in the company of the Queens, you can sparkle, too.

marcy platinum: *Trials and Tribulations* Kinetic, 2006-06 The Monastery, 1st Place winner of the 2003 Florida State Association of the National League of American Pen Women - Unpublished Novel category, is a timely tale of untimely reincarnation; a story of men and women, of love and history, of religion and, perhaps, fantasy. Time travel with a twist. Rebecca Kincaid, middle-aged, educated, wife, mother, is one morning finally too discouraged to face another day. While she sleeps, her soul, adrift on a sea of despair, lifts anchor and rides the tide of time onto the shores of another life. At once, Cecilia, young and beautiful heir to this wayward spirit, simply appears, dazed and confused in a medieval forest, incarnated before her time. Thus begins a bizarre summer for little-known Indian psychiatrist and paranormal researcher, Gurinder Chopak and his British colleague, Nigel Haversham. While Chopak endeavors to unravel the baffling labyrinth of events separated by nearly six centuries, he and Haversham watch helplessly the incredible mingling of two disparate lives in a kaleidoscopic swirl of events, destined to leave one woman with an awesome choice. Will she pursue to its end a meaningless existence or will she step boldly into the exhilarating passion and dangerous adventure of the next?

marcy platinum: *Compromised* James R. Scarantino, 2017-02-08 Everyone gets compromised. Even the good guys. Detective Denise Aragon can't trust her witness, the one who hasn't been killed yet. She can't trust Judge Judy Diaz and her sociopathic attorney girlfriend. She can't trust her FBI agent lover, but she's going to take a bullet for him anyway. While Aragon struggles, the secret patrón who rules Santa Fe's south side and his bloodthirsty twin brother are compromising everybody to cash out a fraudulent multimillion-dollar verdict. Blackmail or assassination, it makes no difference. They want their money fast. Continuing the story that began with *The Drum Within*—heralded as a masterpiece by #1 New York Times bestselling author Robert Dugoni—*Compromised* is a tour de force of suspenseful storytelling. Praise: Mayhem and more.—*Kirkus Reviews* [Scarantino] is skilled with complex plotting and has a talent for expository dialogue . . . Though she is fictional, Aragon, who sports a crewcut and a baby face, is an intelligent, hard-boiled heroine of whom Santa Fe can be proud.—*Santa Fe New Mexican* A perfect read.

marcy platinum: Sixes and Eights Jamel DuBois, 2019-10-09 Thou shalt not kill. Neither shalt thou steal. These rules to live by are violated in some degree in all the stories in this collection: "Bring Me the Head of Kathleen Sullivan" relates the murder of a prominent Texas citizen. "Dominoes," delicately positioned and when pressed into movement to nudge into the next one and that one into the next, results in a jumbled heap. In "Sad Songs," the narrator is a songwriter-guitar player marked by hard work and hard times; and betrayal and lost love. "The Taking of Kaitlyn Peck" is the case of a young girl abducted on the way from school to her upscale neighborhood home. "Storm Clouds and Blue Skies," one or the other, not both, mark the futures of these gypsy pilots. "Out of Focus." Click, click, goes the mind of a killer, detailing revenge for a long endured and lying slur. "A Day At the Zoo," certainly is no picnic, except for the man killers of a wildlife park in Africa.
