How to Use the Matrix Hair Color Chart SoColor

Using the Matrix hair color chart SoColor effectively involves a few key steps:

Step 4: Conduct a Patch Test

Before applying color all over, it's essential to conduct a patch test to check for any allergic reactions. Apply a small amount of color on a discreet area of skin and wait 48 hours to see if any irritation occurs.

Step 5: Follow Application Instructions

Once you've chosen your shade and completed a patch test, follow the application instructions carefully. The SoColor line typically requires mixing the color with a developer, so make sure to measure accurately for the best results.

Tips for Maintaining Your Matrix SoColor Hair Color

To ensure the longevity of your hair color, here are some maintenance tips:

- **Use Sulfate-Free Shampoo:** Sulfate-free shampoos are gentler on colored hair and help maintain vibrancy.

- **Limit Heat Styling:** Excessive heat can lead to color fading, so try to minimize the use of hot tools.
- **Deep Condition Regularly:** Use a deep conditioner or hair mask weekly to keep your hair moisturized and healthy.
- **Protect from Sun Exposure:** UV rays can fade color, so consider wearing a hat or using UV protection products.
