experiencing god student edition pdf: A Defense of Youth Ministry Ron Belsterling, 2019-04-04 Youth ministry succeeds because it directly reflects Jesus Christ's approach. It's not overvalued today; it's undervalued. The hard work required for its success has been misunderstood and misrepresented. The first part of the book establishes that case and analyzes the pros and cons of current, varying philosophies and approaches, merging their best aspects into the holistic approach demonstrated by Christ. Part 2 introduces Attachment Relationship Ministry (ARM), a lens distinguishing four primary adolescent relational styles depending on how secure or insecure teens are with God and parents. Part 3 encourages strategic relational ministry sensitive to those styles, explaining why youth leader efforts succeed or fail. Chapters offer realistic discipleship and evangelism suggestions depending on attachment styles and practically empowering youth workers (volunteers, newbies, experts, and interns) to focus energy and time more wisely. These recommendations relate to spiritual formation, leadership selection, parental approach, and trending issues, such as ministry to LGBTQIA teens. For too many teens today, feeling insecure in crisis is a way of life. Learn how to take what you've done well and make it better. All church leaders should read this book, logging the critical importance of providing ministry specifically targeting teenagers today.

experiencing god student edition pdf: God Still Speaks Deborah Roeger, 2022-01-31 Can I hear God's voice? How can I be sure I am hearing correctly if I do? What does the Bible say about this? In this thoroughly Scripture-based guide, Bible teacher Debbie Roeger says we can. Building on a biblical foundation, she provides clear testimonies from people of various walks of life, not only hearing God speak, but putting what God says into action in more effective discipleship. God Still Speaks joins God's growing arsenal of resources about hearing His voice. A feature that distinguishes this book from others previously published is the more than 80 personal testimonies from family and friends describing their experiences of hearing God. Those testimonies make this book a valuable resource for everyone without regard to the level of experience they have hearing God's voice. The book's centerpiece is an extended discussion differentiating God's voice and the voice of the accuser. Because hearing and obeying God is how we come to know Him, proficiency is key to effective discipleship as Christ-followers. This book is suitable for individual reading but will find its most powerful role as a study for small groups, or for church-wide use.

experiencing god student edition pdf: Defying Deception Jonathan K. Corrado, 2024-02-29 Comprehensive training and well-established tactics are the trademark qualities of a solid and robust military training program designed to win wars. As a result, well-trained soldiers can think and act soundly while engaged in warfare. Like soldiers, Christians must similarly train to become prepared to make biblically-sound choices while engaged in spiritual warfare--specifically, deception. Deception, as clearly conveyed in the Bible, is Satan's weapon of choice, therefore, if understood properly, can be thwarted effectively. *Defying Deception: A Field Guide to Understanding and Countering Satan's Strategy of Deception* is a book for those who want to raise their awareness of the enemy's strategies and to mature their spiritual walk by offsetting the enemy's deceptive methods with practical means. That said, this field guide establishes a parallel between Satan's deceptive tactics and military Psychological Operations (PSYOP), operations to convey false information to influence emotions, motives, and reasoning because both seek to lead people into falsehood to influence decision-making in a destructive way. This field guide discusses Satan's deceptive strategy within the context of PSYOP. Armed with this information, practical defensive strategies are developed using well-established, effective military tactics to assist readers in overcoming spiritual deception.

experiencing god student edition pdf: Choose Jodie Niznik, 2020-09-15 Leads women through the life of Moses to discover their own extraordinary purpose The life of Moses was an exceptional one. God pursued Moses, calling him to step forward into leadership and miraculous events. Instead of saying no to that invitation, he trusted that God's plan, however improbable it seemed, was the best way to live. Equipped with that faith, Moses led God's people out of slavery to the land of promise, changing their entire world. The truth is we're not that different. Every day we're called to follow God's lead to do things only we can do. And like Moses, we must each choose if we will take the path God guides us to—or follow our own way. Through this inductive ten-week Bible study, Jodie Niznik invites you on an experiential journey along with Moses to learn just what that choice can mean. Each week starts with a spiritual discipline to move women from head

knowledge to heart understanding. Then through thoughtful questions, personal reflection, and practical application, Jodie explores the text to uncover the lessons Moses's life teaches to every modern woman. Designed for either individual or group study, this first book in the Real People, Real Faith series combines inductive learning with practical spiritual disciplines, taking a new look at old stories to discover their many connections to life today.

experiencing god student edition pdf: *God's Amazing Grace: Reconciling Four Centuries of African American Marriages and Families* Terry M. Turner, 2017-12-18 "God's Amazing Grace: Reconciling Four Centuries of African American Marriages and Families is an insightful study that will be welcomed by thoughtful practitioners and all who ponder the African American family's complexity. Readers familiar with the deep, rich reservoir of African American family literature will recognize many of the black scholars referenced in this work. Readers unfamiliar with these sources will be grateful to discover them and the effective use of disparate literature. "This work will become a different kind of guide for studying American history through the lens of the African American family. Underneath all the research is the search for answers to the compelling questions: Is there a correlation between slave owners' denial to slaves, God's design for the family, and the familial chaos that has plagued African American families for more than a hundred fifty years? And if there is connection, what is it? "The author has brought something new to a familiar topic of discussion—the Bible. The unique moral compass that steered this study is solidly anchored in the bedrock of holy scripture. In this work, the history and sociology of African American marriages are examined in light of the questions asked by Holy Scripture. In so doing, Dr. Turner skillfully attempts to help readers make sense of the story of black families in America. May this book mark the beginning to a new reality for African American families" (Dr. Willie Peterson, senior executive advisor, adjunct professor of Pastoral Ministries, Dallas Theological Seminary).
