Ethiopian fasting calendar 2023 is a unique aspect of Ethiopian culture that reflects the rich traditions of the Ethiopian Orthodox Church. The fasting periods play a significant role in the spiritual lives of Ethiopian Christians, guiding their spiritual practices and dietary habits throughout the year. In this article, we will explore the key elements of the Ethiopian fasting calendar for 2023, its historical significance, and the various fasting periods, along with their implications for the faithful.

Understanding the Ethiopian Calendar

The Ethiopian calendar is distinct from the Gregorian calendar, which is widely used in the Western world. The Ethiopian calendar consists of 13 months: 12 months of 30 days and a 13th month called Pagumē, which has 5 or 6 days depending on whether it is a leap year.

The Ethiopian New Year, known as Enkutatash, falls on September 11 (or September 12 in a Gregorian leap year). The year 2023 in the Ethiopian calendar corresponds to the year 2015-2016 in the Gregorian calendar, depending on the month.

Fasting in Ethiopian Orthodoxy

Fasting is an integral part of Ethiopian Orthodox Christianity, encompassing spiritual discipline, self-control, and penitence. It is not merely a dietary restriction but a time for prayer, reflection, and community bonding.

The fasting days are spread throughout the year, with significant periods leading up to major religious festivals. Each fasting period has its own rules and traditions, often involving abstaining from certain foods, notably meat and dairy products.

Key Fasting Periods in 2023

The Ethiopian fasting calendar features several important fasting periods, each with specific significance and practices. Below are the key fasting periods in 2023:

1. Abiy Tsom (The Fast of the Ninevites)
 - Dates: September 27 to October 6, 2023
 - Significance: This fast commemorates the biblical story of the prophet Jonah and the repentance of the people of Nineveh. It is a time for personal

reflection and repentance.

2. Tsome Gahad (The Great Fast or Lent)

- Dates: February 27 to April 15, 2023
- Significance: This is the longest fasting period lasting for 55 days, leading up to the celebration of the Resurrection of Jesus Christ (Fasika). During this time, adherents abstain from all animal products.

3. Tsome Gahad (The Holy Week Fast)

- Dates: April 10 to April 15, 2023
- Significance: This week includes the last days of Lent, leading up to Fasika. Each day has particular observances, with Holy Friday (Friday before Easter) being the most solemn.

4. Tsome Tsome (The Fast of the Apostles)

- Dates: June 5 to June 29, 2023
- Significance: This fast commemorates the Apostles and their mission. It varies in length but typically lasts for about 25 days.

5. Tsome Mälkā (The Fast of the Virgin Mary)

- Dates: August 7 to August 19, 2023
- Significance: This fast is dedicated to the Virgin Mary and is a time for honoring her role in the Christian faith.

Dietary Practices During Fasting

During fasting periods, the dietary practices of Ethiopian Orthodox Christians change significantly. The fast typically involves abstaining from meat, dairy, and certain luxury foods. Here are some common dietary restrictions and practices:

- **Meat:** All forms of meat are generally avoided during fasting periods.
- **Dairy Products:** Milk, cheese, and eggs are also prohibited.
- **Fish:** Some fasting periods allow fish, while others do not.
- **Vegetarian Meals:** Fasting days often feature plant-based meals, including lentils, beans, grains, and vegetables.
- **Spiritual Meals:** Fasting meals are often shared with family and friends, emphasizing community and togetherness.

Spiritual Significance of Fasting

Fasting in Ethiopian Orthodox Christianity is more than merely abstaining from certain foods; it is a time for spiritual renewal and growth. The spiritual significance of fasting includes:

1. Repentance and Reflection: Fasting encourages believers to reflect on their lives, seek forgiveness, and grow closer to God.
2. Increased Prayer: During fasting periods, individuals are encouraged to engage in more prayer and spiritual study, deepening their relationship with God.
3. Community Bonding: Fasting often brings families and communities together, fostering a sense of unity and collective spiritual growth.
4. Self-Discipline: By practicing self-control during fasting, believers strengthen their willpower and resolve, which can be beneficial in other aspects of life.

Celebration of Fasting Periods

The conclusion of fasting periods is often marked by significant celebrations, particularly Fasika (Easter), which is celebrated with great enthusiasm after the lengthy Lent.

On the day of Fasika, joyous church services are held, featuring special hymns, prayers, and the breaking of the fast with a festive meal. Traditional dishes are prepared, and families enjoy sharing this time together after weeks of fasting.

Other Notable Celebrations Following Fasting

1. Enkutatash (New Year): Celebrated on September 11, marking the start of the new Ethiopian year with festivities, church services, and family gatherings.
2. Timkat (Epiphany): Celebrated on January 19, commemorating the baptism of Jesus, featuring colorful processions and ceremonial reenactments.
3. Meskel (Finding of the True Cross): Celebrated on September 27, with large bonfires and processions, marking a significant event in the Christian faith.

Conclusion

The Ethiopian fasting calendar 2023 reflects a profound cultural and spiritual heritage that shapes the lives of Ethiopian Orthodox Christians. Through fasting, believers engage in a journey of spiritual renewal, community bonding, and personal growth. Each fasting period carries its unique significance, dietary practices, and celebratory traditions, reinforcing the importance of faith in everyday life.

ethiopian fasting calendar 2023: The Abiy Project Tom Gardner, 2024-06-27 In 2018, Ethiopia and the world were in the throes of 'Abiymania', a fervour of popular support for the divided country's young, charismatic new prime minister. Arriving as if from nowhere, Abiy Ahmed, a Pentecostal Christian, promised democratic salvation and national unity. For his role brokering a historic peace with neighbouring Eritrea, he received the 2019 Nobel Peace Prize. Hailed at home as a prophet and abroad as a liberal reformer, Abiy was all things to all men. But his democratic revolution wasn't quite what it seemed. Within two years, Ethiopia had lurched into a devastating civil war, threatening state collapse. By 2023, genocidal fighting had killed hundreds of thousands in the northern Tigray region; famine stalked the land; and Ethiopia's once-promising economy lay in tatters. But Abiy had never looked stronger. Based on hundreds of interviews with Ethiopians of all persuasions, and extensive reporting across the country, this book traces the fading hope of Ethiopia's transition, unravelling the paradoxes of an enigmatic world leader. Despite everything, Abiy remains in power, embodying the new Ethiopia in all its contradiction, triumph and tragedy. But his attempt to remould the country in his image almost broke it--and may break it still.

ethiopian fasting calendar 2023: The Early Modern Jesuit Attitude towards Hindu and Ethiopian Strains of Asceticism Leonardo Cohen, 2023-12-04 This book presents an early modern Jesuit attitude towards Hindu and Ethiopian strains of asceticism. The Jesuits' descriptions of both the yogis and the Ethiopian renunciates were marked by ambivalence. While critical of these ascetics, the missionaries also pointed out admirable facets of their comportment. In both the Society of Jesus' positive and negative impressions, there are glaring ethnocentric views that shift the spotlight onto the other's flaws. Like many historical cases, these perceptions evolved into a sort of inverted mirror image of the self that revealed differences between the European Catholic and the native renunciate.

ethiopian fasting calendar 2023: The Traditional Teaching of the Ethiopian Orthodox Täwahedo Church Christine Chaillot, 2023-11-06 Christine Chaillot's new book, *The Traditional Teaching of the Ethiopian Orthodox Täwahedo Church: Faith and Spirituality*, presents a topic that is little if at all known outside Ethiopia, even in Christian circles. Moreover, it is a much neglected field in the wider study of African education. It is a teaching based on ancient texts and books, taught orally to the students who will become the future clergy and who will then share their knowledge with the faithful in Church life. The studies of the different disciplines are pursued at different schools and at different levels, in liturgy, theology with commentaries of books (Old and New Testaments, books of the Church fathers and monks) as well as composition of poems (qenes) and iconography. All this teaching presented in the present volume is deeply related to the faith and spirituality of the Ethiopian Orthodox Church. This teaching is a unique intangible cultural heritage. One wonders, however, what its future will be in the context of the modern educational methods and social attitudes that have evolved in Ethiopia over the last half-century.

ethiopian fasting calendar 2023: The Origins of the New Churches Movement in Southern Ethiopia, 1927-1944 Brian L. Fargher, 2023-09-20 This study describes the beginnings of a movement which has created another face for Ethiopian Christianity. The expatriate missionary-evangelists, who in 1927 were encouraged by Emperor Haile Selassie to work in southern Ethiopia, intentionally by-passed the Orthodox model and made a fresh start. Three of the

many facets of the movement comprise the body of the book. There is the religious backdrop of Orthodox Christianity and the expatriates' fundamentalist traditions; then the praxis and polity of their work; finally the post-Occupation outcome which confirmed their choices. Since its beginning in 1932 the New Churches Movement has impacted every part of Ethiopian society: religious, political and socio-economic. It demonstrates that a fresh start can be complementary rather than competitive. The movement's success encourages missionary-evangelists to continue making new beginnings.

ethiopian fasting calendar 2023: Looking at God's Appointment Calendar Carl M.

McConchie, 2023-08-25 Pastor McConchie believes that when individuals begin to seek God, He very often sets up an appointment whereby a servant of God is sent to meet with that person.. In this writing Pastor McConchie comments in detail concerning three stories which are presented in the book of Acts. Philip is sent to a high ranking Ethiopian official. Peter is sent to a Roman Centurion and Paul is sent to a woman from Thyatira whose name is Lydia. The Ethiopian, the Centurion and the business woman all have one thing in common. They are all seeking to worship God before God's servant arrives on the scene. Pastor McConchie also shares with us some of his own experiences in Belarus in which he has had a very strong sense that the Lord has set up an appointment for him with someone who is ready to know more about Him. In the last section of the book Pastor McConchie looks to the future with a brief study of the book of Revelation. What about the 144,000 people of Israel who have come to know Christ, how does that happen?

ethiopian fasting calendar 2023: From Time to Time Dalia Marx, 2023-11-28 Time is fundamental to the human experience, and in Judaism it is even more—time is sanctified.

Understanding the Jewish calendar is thus essential for fully comprehending Judaism. In *From Time to Time*, Rabbi Dalia Marx, PhD, presents a fascinating exploration of the treasures of the Jewish year. The book artfully blends traditional and contemporary perspectives on each Hebrew month and its holidays. Rabbi Marx's insights are paired with striking illustrations; each month also features a diverse selection of poetry, prayers, and songs. Taking a distinctively Israeli, feminist, and progressive approach, *From Time to Time* is a comprehensive, indispensable companion you will want to return to each season. I have no doubt that this new book will contribute a great deal to the global Jewish cultural field, offering Dalia Marx's evocative and singular voice of insight and wisdom to the interpretation of our Jewish calendar, and greatly enriching the ongoing and vital conversation that is our Jewish heritage with Jews around the world. —Isaac Herzog, President of the State of Israel Dalia Marx's brilliant book *From Time to Time* offers extraordinary new ways of understanding Jewish time. With poetry, ancient and modern texts, ritual suggestions, and historical reflections, Marx illuminates traditional holidays, features lesser-known celebrations such as Moroccan Mimouna and Ethiopian Sigd, and brings an evolved scholarship that includes feminist, pluralist, and gender-fluid perspectives. This rich tapestry allows us not only to learn more about the expanded Israeli calendar, but about Jewish views of time across the world and the centuries. This indispensable volume will help every one of us make our time more meaningful and sacred. —Rabbi Angela Warnick Buchdahl, Senior Rabbi, Central Synagogue, NYC This is, quite simply, a genius of a book, not just the best of its kind but the only thing of its kind: a moving combination of scholarly depth and mastery of Jewish tradition—served up with personal anecdote, poetic sensitivity, and an uncanny ability to make the seasons, the holidays, and even ordinary time come alive with meaning. —Rabbi Lawrence A. Hoffman, PhD, Professor Emeritus, Hebrew Union College--Jewish Institute of Religion God's glory is the human being fully alive, declared Saint Irenaeus of Lyon. Rabbi Dalia Marx's book offers a vade mecum for human flourishing. Her expansive compendium opens horizons on Israeli Jewish cultures and religious expressions—and takes readers beyond that world. *From Time to Time* is an evocative read, a splendid resource, and a powerful reminder that the diverse ways in which humans ritualize our longings and seek meaning connect us across boundaries of difference. —Sr. Mary C. Boys, Professor, Union Theological Seminary This book is a delightful and insightful road map for Jewish time travel, helping modern readers navigate the deeper meanings of each moment and season on the Jewish calendar. Rabbi Marx makes sacred time accessible and

exciting through a fusion of historical clarity, cultural diversity, and contemporary relevance, revealing the essence of our ever-evolving traditions. —Rabbi Amichai Lau-Lavie, Founding Spiritual Leader, Lab/Shul If, as Rabbi Heschel once said, our Sabbaths are cathedrals in time, Rabbi Dalia Marx has constructed a wonderland of the entire Jewish calendar. Her poetic imagination ranges across text and time, from Israel to Diaspora, across gender and geography and liturgy. This gorgeous book will be indispensable for those trying to find their way through the Jewish calendar, and also for those who may already live the Jewish calendar, yet seek to find themselves more deeply within it. —Dahlia Lithwick, Senior Editor, Slate The book's intellectual depth is balanced by an accessible writing style that successfully engages lay readers with applications to contemporary life, including prayers for schoolchildren and families. This emphasis on accessibility is reflected in the book's ample appendices, which include a glossary and a diagram of the Hebrew calendar year. While Marx's perceptive analysis is the star, this book is also a visually stunning volume, full of text-box vignettes, gorgeous illuminations, and other decorative flairs, as well as frequent parallel texts juxtaposing Hebrew scripture with English translations. This work is a welcome reminder of King David's adage to count our days rightly...that we may obtain a wise heart. A brilliant introduction to the Jewish calendar that's both visually and intellectually striking. — Kirkus Reviews

ethiopian fasting calendar 2023: Cooperation for competition Gian Nicola Francesconi, 2023-08-28 Throughout history, rural smallholders have formed various forms of associations to confront access-barriers to the market. It is estimated that 250 million farmers participate in agricultural cooperatives in developing countries. Agricultural cooperatives are considered to be a fundamental pillar of rural development strategies, as well as a core institution in the process of governance decentralization and agri-business development. In Ethiopia, where agro-ecological conditions are generally favourable, 85 percent of the national population lives in rural areas under subsistence or semi-subsistence regimes. Agricultural cooperatives are advocated by the government as key market institutions to exploit Ethiopia's agricultural growth potential. The scope of this study is to improve the understanding of the role played by cooperative organizations in linking Ethiopian smallholder farmers to emerging markets. Through exploring the evolution of supermarkets, integrated supply chains, and global commodity exchange networks, this study sheds light on the relationship between rural cooperation and farmers' competitiveness. Quantitative data that form the basis for this study were collected from the Highland regions of Ethiopia, in the period between 2003 and 2006. Findings suggest that cooperatives are not a panacea to boost rural competitiveness. Collective action assists smallholders in procuring state subsidy for production, but does not necessarily lead to increased commercialization. Only when collective action involves collective marketing do farmers become more commercial, further improving production volumes and productivity. However, in the process of commercialization and production intensification quality management is often neglected in Ethiopian agricultural cooperatives. This study reveals guidelines for public-private partnerships so that cooperative farmers can maximize commercialization and optimize the balance between quality and productivity.

ethiopian fasting calendar 2023: Tropical food chains Ruerd Ruben, Martinus van Boekel, Aad van Tilburg, Jacques Trienekens, 2023-08-28 International supply chains of vulnerable tropical food products face major problems in the fields of quality performance and coordination between

supply chain partners. Degradation and variability of quality, segmentation of supply networks and scattered production by smallholder producers could severely hinder reliable deliveries at required standards. Concerted efforts for improving governance regimes and management practices are required to enhance supply chain performance. This book provides a comprehensive overview of the interfaces between market outlet choice, supply chain governance, quality management and value added distribution. Main attention is given to better incentives and transparency in contracts and bargaining procedures that could contribute to reduced transaction costs and risk, as well as techno-managerial strategies for improving both quality and value added. The editors present an integrated interdisciplinary framework for the simultaneous analysis of technical, managerial and socio-economic dimensions of international supply chain originating in developing countries. Selected case studies based on extensive field research highlight in Costa Rica (mango and pepper), Ivory Coast (pineapples), Kenya (fish), Ethiopia (dairy), Ghana (cocoa), India (cashew) and China (vegetables and pork) provide detailed insights in different options for enhancing integrated quality management and supply chain coordination. Professionals and practitioners involved in the design, management and assessment of (inter)national supply chains for tropical products will particularly benefit from this unique collection.

ethiopian fasting calendar 2023: Torah Praxis after 70 CE Isaac Wilk Oliver, 2023-06-20 In *Torah Praxis after 70 CE*, Oliver challenges conventional views of the Gospels of Matthew and Luke as well as the Acts of the Apostles. He reads the works not only against their Jewish “background” but also as early Jewish literature. In doing so, he questions the traditional classification of Luke-Acts as a “Greek” or Gentile-Christian text. To support his assertions, Dr. Oliver’s literary-historical investigation explores the question of Torah praxis in each book, citing evidence that suggests several ritual Jewish practices remained fixtures in the Jesus movement and that Jewish followers of Jesus played key roles in forming the ekklesia well into the first century CE.
