dr phil relationship rescue: Sexual Citizens Brenda Cossman, 2007 This book explores the relationship between sex and belonging in law and popular culture, arguing that contemporary citizenship is sexed, privatized, and self-disciplined. Former sexual outlaws have challenged their exclusion and are being incorporated into citizenship. But as citizenship becomes more sexed, it also becomes privatized and self-disciplined. The author explores these contesting representations of sex and belonging in films, television, and legal decisions. She examines a broad range of subjects, from gay men and lesbians, pornographers and hip hop artists, to women selling vibrators, adulterers, and single mothers on welfare. She observes cultural representations ranging from *Queer Eye for the Straight Guy* to *Dr. Phil*, *Sex in the City* to *Desperate Housewives*. She reviews appellate court cases on sodomy and same-sex marriage, national welfare reform, and obscenity regulation. Finally, the author argues that these representations shape the terms of belonging and governance, producing good (and bad) sexual citizens, based on the degree to which they abide by the codes of privatized and self-disciplined sex.

dr phil relationship rescue: Damocles On The Couch Herbert L. Stricklin, 2013-01-04
Damocles On The Couch, is about getting your life straight, and it is about stories. Throughout history humans have used stories as vehicles to communicate and pass along information. Herb Stricklin, therapist and educator, has found that stories are a tremendous tool for relaying information regarding sound principles to live one's life by. Stories afford the listener an opportunity to take the information that they are hearing and apply it to their lives on a much deeper level than just hearing cold hard facts. Jesus used parables to relay some of his most powerful messages. Ancient Greeks and Romans used plays to both entertain and educate those witnessing the performance. Morality plays, such as The Sword Of Damocles, help us to learn life lessons and understand the human condition. In this story, Damocles finds himself placed in a chair with a sword dangling over his head suspended by a single hair. The angst and fear that he experiences is a universal experience for humans (not necessarily a sword, but we have all had things "hanging over our heads"). Stricklin uses stories such as this to paint a picture for people regarding healthy and unhealthy ways of confronting life's many challenges.
