pilgrim at tinker creek pdf: The Word on the Wind Alison Morgan, 2013-03-07 The average age of churchgoers in Britain is now 47. Almost every denomination is experiencing steady decline. How sure can we be that we are still offering something people want to hear? Alison Morgan identifies four clear reasons to be confident: 1. The gospel still speaks to confused teens and weary sceptics. By embracing doubts and welcoming questions it remains open to us to present something which answers people's real needs. 2. The word of truth and the Spirit of power still exercise authority and compel attention. Alison's own experience of ministry in the UK and abroad provides illustrations. 3. Spiritual gifts, given not to excite individuals but in order to renew the church for its core task of mission, are powerfully present and widely recognised and practised. 4. In a time of rapid cultural change, new expressions of church are constantly emerging: this is necessary to guard against vital spirituality sliding into drab religion.

pilgrim at tinker creek pdf: Alive in God Timothy Radcliffe, 2019-10-03 How can Christianity touch the imagination of our contemporaries when ever fewer people in the West identify as religious? Timothy Radcliffe argues we must show how everything we believe is an invitation to live fully. God says: 'I put before you life and death: choose life'. Anyone who understands the beauty and messiness of human life – novelists, poets, filmmakers and so on – can be our allies, whether they believe or not. The challenge is not today's secularism but its banality. We accompany the disciples as they struggle to understand this strange man who heals, casts out demons and offers endless forgiveness. In the face of death, he teaches them what it means to be alive in God. Then he embraces all that afflicts and crushes humanity. Finally, Radcliffe explores what it means for us to be alive spiritually, physically, sacramentally, justly and prayerfully. The result is a compelling new understanding of the words of Jesus: 'I came that they may have life and have it abundantly.'

pilgrim at tinker creek pdf: *That Sense of Wonder* Francesco Dimitri, 2018-11-29 How to reclaim wonder in our lives and achieve the good life. All of us experience a sense of wonder at some point in our lives. Perhaps you felt it when you experienced your first kiss; when you grasped the perfectly balanced beauty of an equation; or when you first saw the rose windows of Chartres Cathedral? Whatever the circumstances that triggered the feeling, you were left speechless by this extraordinary world of ours. We may speak different languages, cling to different ideas about politics, religion and love – but a longing for wonder connects us all through space and time. Wonder is the impulse behind scientific and philosophical inquiry, artistic creativity and spiritual yearning. It is the most fruitful human sense: firing our curiosity; inspiring us to hope and dream. But our sense of wonder – that feeling we had as children seeing the Milky Way for the first time – gets used up. Faced with the practical demands of adulthood, we trade a sense of wonder for a sense of reality, which all too often brings anxiety and unhappiness in its wake. By exploring the nature of wonder in many areas of human experience, from the natural world to the spirit world, from science to storytelling, Francesco Dimitri reveals how we can reclaim our sense of wonder – not to become children again, but to become happier and more fulfilled adults, better equipped to face the challenges of modern life.

pilgrim at tinker creek pdf: *Heart to Heart—The Journey Outward* Robert P. Vande Kappelle, 2023-01-20 Whether religiously theists, atheists, agnostics, or simply seekers, each of us is on a journey of faith, spiraling through stages, seasons, or phases of spirituality. On this journey, we discover that spirituality is more caught than taught, and that faith, enriched more by subtraction than by addition, is more about unlearning than learning. At the center of Jesus' life and message stands the exhortation to receive and share divine love. The two volumes of *Heart to Heart*, excerpted from Dr. Vande Kappelle's published writings, examine the meaning and implications of the biblical Great Commandment to love God and others as oneself. Whereas the first volume examines the spiritual journey inward, this companion volume examines the journey outward. Ultimately there is only one spiritual journey--the journey Godward--and there is only one commandment. Divine love is the key to everything. Unloved people misbehave, fail to love, or fail to change. Loved people aren't concerned with rules, regulations, or beliefs. Rather, because they are loved, they take proper care of themselves, and in so doing, care for nature and others as extensions of themselves. *Heart to Heart* is written for those who affirm the value of lifelong spiritual growth, realize the limits of logic, and embrace the paradoxes in life. If you are willing to commit less than ten minutes a day over a seven-month period, you will undertake a spiritual journey of epic proportions, guaranteed to transform you morally and spiritually. In addition, you will come to embrace Christianity as the transformative movement envisioned by Jesus for humanity, a way of life grounded in compassion, justice, service, humility, and love of others.

pilgrim at tinker creek pdf: *Mothership* Greg Wrenn, 2024-03-26 A dazzling, evidence-based account of one man's quest to heal from complex PTSD by turning to endangered coral reefs and psychedelic plants after traditional therapies failed—and his awakening to the need for us to heal the planet as well. Professor Greg Wrenn likes to tell his nature-writing students, "The ecological is personal, and the personal is ecological." What he's never told them is how he's lived out those correspondences to heal from childhood abuse at the hands of his mother. Weaving together memoir and cutting-edge science, *Mothership* is not just a queer coming-of-age story. It's a deeply researched account of how coral reefs and a psychedelic tea called ayahuasca helped Greg heal from complex PTSD—a disorder of trust, which makes the very act of bonding with someone else panic-inducing. From the tide pools in Florida where he grew up, to Indonesia's Raja Ampat archipelago and the Amazon rainforest, this is his search for wholeness when talk therapy and pharmaceuticals did little to help. Along the way, as his ecological conscience wakes up, he takes readers underwater to the last pristine reefs on earth, and into the psyche. Written with prophetic urgency, *Mothership* ultimately asks if doses of nature will be enough to save us before it's too late.

pilgrim at tinker creek pdf: From Eden to Interstellar Space Sarah Anne Beattie, 2025-01-23 This book is a response to two questions. The first concerns how we can do better as human beings in addressing the broken relationships between humankind, the environment in which we live, and the other species with which we coexist in an increasingly fragile world. The second concerns whether secular humanism can provide the answer, or if there is an important contribution that Christian faith can offer to an understanding of the human condition that will empower effective, transformational action. The book explores the possibility of developing an interpretive approach to biblical narrative that allows a biblical perspective of reality to provide an important complementary, rather than competing, supplement to developing scientific perspectives of reality. These are perspectives emerging from quantum mechanics and astrophysics that challenge both our conceptual ability and the limits of language in articulating mystery that, in resisting physical explanation, appears to demand new or different ways of thinking about ourselves and the world in which we live.

pilgrim at tinker creek pdf: *Practicing Peace* Michael John Wood, 2022-04-07 This book is about the practice of peace in daily life. Although most of us want peace, we often struggle to live it. Someone annoys us and we find ourselves in a vortex of conflict. When we care deeply about something it can be easy to burn relationships if we encounter people whose values differ from ours. We may ask ourselves, How can we make a positive difference in the world without diminishing others or ourselves? Michael Wood explores the practice of peace through the lenses of theology, contemplation, and action. Containing numerous real-life anecdotes, thought-provoking questions, and practical tools, this is a useful resource for anyone who wants to foster peace in their family, workplace, or community.

pilgrim at tinker creek pdf: Liberal Learning and the Art of Self-Governance Emily Chamlee-Wright, 2015-11-19 Concerns over affordability and accountability have tended to direct focus away from the central aims of liberal learning, such as preparing minds for free inquiry and inculcating the habits of mind, practical skills, and values necessary for effective participation in civil society. The contributors to this volume seek to understand better what it is that can be done on a day-to-day basis within institutions of liberal learning that shape the habits and practices of civil society. The central argument of this volume is that institutions of liberal learning are critical to a developing and flourishing civil society. It is within these civil society incubators that the habits of open discourse are practiced and honed; that a collaborative (often contentious) commitment to truth seeking serves as the rules that govern our work together; that the rules of personal and widespread social cooperation are established, practiced, and refined. Many have made this argument as it relates to community based learning, and we explore that theme here as well. But acquiring and practicing the habits of civil society recur within and throughout the college context—in the classrooms, in college governance structures, in professional associations, in collaborative research, in the residence halls, and on the playing field. To put it another way, when they are at their best, institutions of liberal learning are contexts in which students learn how to live in a free society and learn the art of self-governance.
