uncle fester pdf: Lone Wolf and Autonomous Cell Terrorism Jeffrey Kaplan, Heléne Lööw, Leena Malkki, 2017-10-02 President Obama has declared that the greatest terrorist threat which America faces is attacks by lone wolf terrorists. This volume expands the lone wolf rubric to include autonomous cells: small groups of terrorists who cooperate, but operate independently. The challenge presented by lone wolves and autonomous cells, unlike the threat emanating from established terrorist groups like Al Qaeda, has proven intractable because of the difficulty of gathering intelligence on these actors or effectively countering their actions. Lone wolves operate under the radar, staging deadly attacks such as that at the Boston Marathon, and the 2011 attacks in Norway. This volume includes Theory and Policy Studies, individual case studies and the technological impacts of chemical, biological and nuclear weapons as well as the impact of social media in the process of recruitment and radicalization. This book was originally published as a special issue of Terrorism & Political Violence.

uncle fester pdf: The Least of Us Sam Quinones, 2021-11-02 Apple Best Books of 2021 Longlisted for the Andrew Carnegie Medal * Shortlisted for the Zocalo Book Prize From the New York Times bestselling author of Dreamland, a searing follow-up that explores the terrifying next

stages of the opioid epidemic and the quiet yet ardent stories of community repair. Sam Quinones traveled from Mexico to main streets across the U.S. to create *Dreamland*, a groundbreaking portrait of the opioid epidemic that awakened the nation. As the nation struggled to put back the pieces, Quinones was among the first to see the dangers that lay ahead: synthetic drugs and a new generation of kingpins whose product could be made in Magic Bullet blenders. In fentanyl, traffickers landed a painkiller a hundred times more powerful than morphine. They laced it into cocaine, meth, and counterfeit pills to cause tens of thousands of deaths-at the same time as Mexican traffickers made methamphetamine cheaper and more potent than ever, creating, Sam argues, swaths of mental illness and a surge in homelessness across the United States. Quinones hit the road to investigate these new threats, discovering how addiction is exacerbated by consumer-product corporations. "In a time when drug traffickers act like corporations and corporations like traffickers," he writes, "our best defense, perhaps our only defense, lies in bolstering community." Amid a landscape of despair, Quinones found hope in those embracing the forgotten and ignored, illuminating the striking truth that we are only as strong as our most vulnerable. Weaving analysis of the drug trade into stories of humble communities, *The Least of Us* delivers an unexpected and awe-inspiring response to the call that shocked the nation in Sam Quinones's award-winning *Dreamland*.

uncle fester pdf: [The Final Four of Everything](#) Mark Reiter, Richard Sandomir, 2009-12-15 Edited by Mark Reiter and Richard Sandomir, and featuring contributions from experts on everything from breakfast cereal and movie gunfights to First Ladies and bald guys, *The Final Four of Everything* celebrates everything that's great, surprising, or silly in America, using the foolproof method of bracketology to determine what we love or hate-and why. As certain to make you laugh as it will start friendly arguments, *The Final Four of Everything* is the perfect book for know-it-alls, know-a-littles, and anyone with an opinion on celebrity mugshots, literary heroes, sports nicknames, or bacon. Bracketology is a unique way of organizing information that dates back to the rise of the knockout (or single elimination) tournament, perhaps in medieval times. Its origins are not precisely known, but there was genius in the first bracket design that hasn't changed much over the years. You, of course, may be familiar with the bracket format via the NCAA basketball tournament pairings each March. If you've ever watched ESPN or participated in a March Madness office pool, you know what a bracket looks like. *The Final Four of Everything* takes the idea one step further, and applies the knockout format to every category BUT basketball. In areas where taste, judgment, and hard-earned wisdom really matter, we've set out to determine, truly, the Final Four of Everything.

uncle fester pdf: Beautiful Tempest Johanna Lindsey, 2017-07-11 #1 New York Times bestselling author Johanna Lindsey now reveals the tempestuous story of Jacqueline Malory whose furious desire for revenge leads to a confrontation with the handsome pirate who abducted her—and sparks a much steamier kind of desire. For the first time, James Malory and his Anderson in-laws agree on something: It's payback time for the culprit who kidnapped James and Georgina's beloved daughter Jack from her American debutante party and whisked her away to the Caribbean, no matter that she escaped unscathed. James figured out who masterminded the dastardly plot and is leading a fleet of ships to the West Indies to deliver some Malory-style retribution. More interested in revenge than in finding a husband during her first London Season, Jack is furious that her father left her behind. Then an intriguing stranger leads her and her older brother Jeremy to her mysterious abductor. But instead of capturing him, the Malory siblings wind up as his "guests" on a ship sailing away from England. As Jack re-engages in a battle of wills with her all too attentive captor, she realizes he is no ordinary pirate, perhaps no pirate at all, but a nobleman determined to settle a score that dates back to the days when her father was known as Captain Hawk—and what endangers her most is the increasingly passionate attraction they feel for each other.
